

Field Trips

The Board of Education appreciates the value of student trips, both educational and recreational, outside the school district, but control must be exercised to protect the interests of the school and the students involved.

All field trips, sponsored by the school and under the control of school personnel, must be approved by the principal and must meet the requirements delineated in the regulations accompanying this policy.

The Board accepts no responsibility for student trips unless they are under the direct sponsorship and supervision of the Wallingford Public Schools.
