

**Strategic Plan Update
December 2012**

Strategic Plan Area: FACILITIES

Goal: All Goals

Steering Committee Meeting Dates:

Based on Steering Committee meeting on October 12, 2012 the following revisions were made.

PPS, Food Service, and IT have been given consideration independent of our schools. This will insure that all departments receive the proper support from the maintenance department. PPS was added to Goal 1 (Safety Guidelines), Food Service was added to Goal 1 (Safety) and 2 (Capital Projects), and IT was added to Goal 2 (Capital Projects).

In addition, I met with all department heads, administrators, athletic groups and an organization of gym teachers to collect new data for entry into the strategic plan.
