

**Assistant Superintendent's Compensation and Benefits**

The Board of Education is committed to providing its assistant superintendents with compensation for their services that is commensurate with professionals serving in similar positions in area communities.

In addition to recognizing that these top administrative leaders are denied by law from being represented by a union, the Board also recognizes that these staff members are front line representatives of the Board and deserve to be rewarded for their special efforts on behalf of the Board, students, staff, parents and the community.
