

Occupational Safety and Health Act

The Wallingford Board of Education will be in compliance with the Occupational Safety and Health Act (OSHA) Standard 1910.1030 as it applies to school settings.

The district shall have a set of procedures dealing with the prevention of transmission of blood-borne infections to assure compliance with this OSHA standard. The school medical advisor shall review the procedures on an annual basis to assure compliance.

Policy Approved: 2/27/95
