

Fifth Disease

The Board of Education will assist pregnant women in protecting themselves and their fetuses against Fifth Disease and other communicable diseases when they reasonably believe that continued employment may cause injury to them or their fetuses. Procedures will be maintained within the school system to foster this assistance.

Legal Reference: Connecticut General Statutes
46a-60 (10). Discriminatory employment practices prohibited.

Policy Approved: 5/8/89

Policy Revised: 2/27/95
