

Interscholastic Athletics

The board encourages the participation of all students in the district's interscholastic athletics program.

District participation in interscholastic athletics will be subject to approval by the board. The school administration will set up rules for participation in, and the conduct of, athletic events in accordance with regulations and recommendations of the Connecticut Interscholastic Athletic Conferences (C.I.A.C.).

In order for a student to participate in interscholastic athletic events, he or she must have the written consent of parents or guardian, and must be determined physically fit for the particular sport by a medical doctor.

Insurance against accident or injury will be made available by the district to students engaging in interscholastic athletics. Such insurance shall assume costs beyond parental coverage.
