Attention Please

Dear parents/guardians,

This is a reminder regarding the pick-up and drop-off of students. For the health of your child, do NOT idle your vehicle while waiting. Turn OFF your car to reduce "Asthma Triggers". Not only are you affecting your child's health, **it is the LAW**.

We need your help

to make sure every student has

a healthy school year.

A lack of idling can save you money. Two facts of interest:

- Two minutes of idling uses the same amount of gas as 1 mile of driving.
- Drive your car to warm it; modern engines do not need more than a few seconds of idling time before driven safely.

We encourage you to do your part for

a Healthy Wallingford and Healthy Children!

For information on Asthma prevention: Wallingford Health Department
